Of your products, which would you like to sell to the Co-op? (May circle above or list individually)

Do you currently have general liability insurance coverage? If so, what amount of coverage?

How do you currently sell your products? (Select all that apply)

- Farmers Market
- Direct to Consumers
- Direct to Restaurants
- CSA Program
- Wholesale
- Roadside Stand
- To Distributors
- To Packing/Processing House
- Other, *please specify:*

What are your main reasons for choosing the above markets?

How do you typically set prices for your products?

Have you seen any change in your costs this year?

Are you open to consignment or pay-as-sold terms for your products?

Is the delivery included in your price to a restaurant or grocer?

Are you satisfied with the prices you receive for your products through your current markets?

The co-op is going to encourage the use of re-usable and recyclable containers. How are your crops packaged?

Do you need assistance with shipping produce to retail outlets?

Do you need assistance with packaging produce for distribution / re-sale?

Would participating in Citizens Co-op be beneficial to your farm? If so, how and why?

What type of services would you like to see Citizens Co-op provide for you?

If the Co-op were to provide centrally-located refrigerated storage, would your farm be interested in renting any of the space?

If the Co-op were to provide a local food distribution network with on-site pick-up from your farm, would you be willing to pay for this service?

Would you be interested in a work/share program, with a monthly workday on 8 rotating farms including yours?

Would you be interested in taking &/or facilitating workshops at the Co-op or on your farm? If so, please specify what types.

Do you have any objections to a member of the co-op visiting your farm at least once a year, to observe your operation and become familiar with your methods in order to provide our members with information connecting the consumer and grower?
